Private Chase at Wabash.

Special to the Indiapapolis Journal WABASH, Aug. 31 .- Last night it was learned that Hon. Ira J. Chase was in town, and an impromptu meeting was arranged at the G. A. R. hall. Notwithstanding the short notice, there was a good attendance and the crowd was addressed at length by Mr. Chase, who was followed by the local speakers, including Hon. Warren G. Sayre. Mr. Chase expressed himself with the greatest confidence in regard to Republican success in lediana this fall.

Bartholomew County Republicans. Special to the Indianapolis Journal.

COLUMBUS, Aug. 31 .- A thorough canvass o this county is being made by local Republican speakers. A large meeting was held last night at Hartsville, which was addressed by Hon. W. F. Norton. W. W. Lambert spoke to an enthusiastic audience at Clifford, and William Gilgour addressed an audience at Clok Ridge schoolhouse. This afternoon a pole-raising and speaking was held at Beck's Grove. W. W. Lambert and William Gilgour made speeches.

Meeting of Colored Republicans.

Erocial to the Indianapolis Journal. COLUMBUS, Aug. 31.—The colored voters of this city held a large and enthusiastic Republican meeting here last night. They were addressed by Hon. THE YELLOW FEVER.

The Epidemic in Full Sway at Jacksonville, with Little Prospects of Relief.

JACKSONVILLE, Fla., Aug. 31 .- The last day of August finds the epidemic in full sway, with every part of the city infected. The whole number of cases reported so far is 211; deaths, thirty. To-day's report shows twenty-three new cases for the twenty-four hours ending at o'clock this evening, and four deaths. This is the resolution passed to-day by the citizens:

Resolved. That we denounce the action of Surgeongeneral Hamilton as unnecessary, arbitrary, unprecedented and inhuman, and demand in the name of God and our suffering women and children that they b allowed to go to places open to them by invitation. We appeal to our fellow-citizens throughout the country for their sympathy and influence, and to the Presi dent of the United States, and to all Senators and Representatives in Congress for relief from this unjust and hitherto unheard of imprisonment, and implore their immediate action in our behalf.

The Refugee Camp.

WASHINGTON, Aug. 31 .- Surgeon-general Hamilton has received the following telegram from J. J. Daniel, president of the Jacksonville citizens' auxiliary committee:

"In the name of our people and humanity, I protest against the order for the detention of all refugees from our city and State at the refugee camp. It would be better for us to keep our women and children here rather than subject them to such treatment."

Dr. Hamilton sent the following dispatch in

"Your requisition for 200 tents was approved. You are mistaken as to the character of the camp, which is in charge of one of the most humane officers in the service, and none in the country stands higher as to professional ability. The camp is located in one of the healthiest places in Florida-pine woods, on a river bluff, originally intended by the railroad as a picuic ground, and taken by Dr. Guiteras as the best place for his camp. He was some days ago directed to have some tents set apart, a quarter of a mile distant from the main camp, for observation of persons sick. Pollard, who has returned to Jacksonville, was sick on arrival at the camp, and evidently had fever when he left Jacksonville. With the general spread of the disease in Jacksonville it is useless to expect that persons should be allowed to mingle with other passengers on out-going trains. Special excursion trains will be provided for passengers to definite points. Murphy, in North Carolina, has opened its doors-the only place reporting itself to me. If residents wish to go to Murphy or any definite points in western North Carolina on their parole not to go to seaboard or quarantined towns within ten days from date of departure from Jacksonville. excursion trains will be provided as soon as the number of trains required can be definitely ascertained. Please estimate the number of people now in Jacksonville willing to go on paroles, that safe arrangements can

be made for transportation." Losses by Fire.

RACINE, Wis., Aug. 31.-At the town o Franksville, yesterday, a son of Rev. Evans accidentally set fire to fourteen stacks of grain, and 10,000 bushels were destroyed. 'Ewo hanworking seven hours hanling water with teams, subdued the flames, saving the village from being wiped out of existence.

HELENA, M. T., Aug. 31 .- A disastrous praitana, extending from Marais river to Sweet- was manufactured out of the jute stalk. The ter range of the Bearon and St Louis Cattle Company has been destroyed, with a large amount of hay. Unless rain comes the fire will cover immense tracts of country.

FAIRCHILD, Wis., Aug. 31.-N. C. Foster's mammoth new saw-mill was destroyed by fire at 2 o'clock this morning. Loss, \$80,000; insurance, \$50,000. The fire is supposed to have been

Threatened Strike of Glass-Workers. PITTSBURG, Aug. 31.-A general strike of the flint-glass-workers throughout the country is expected to-morrow when the new scale of the engravers is supposed to go into effect. The engravers demand not less than 18 cents per dozen for engraving, and the manufacturers say they cannot pay the advance, which is about 50 per cent. on the cheapest grades of glassware. The men insist upon their scales, and a suspension of work in nearly all the factories in the country is probable. About two thousand will be affected.

Lee Yaryan at Eaton, O.

Special to the Indianapolis Journal. RICHMOND, Aug. 31.—Capt. Lee Yaryan, of this city, delivered a speech at Eaton, O., tonight that, a telephone message says, "made the boys throw their hats." He was accompanied by the Richmond glee club and a lot of other young Republicans, but they were only one among many who were there from various points on both sides of the State line, while all Eaton and the surrounding country turned out to swell the big crowd.

Remains of Bishop Harris. NEW YORK, Aug. 31 .- The remains of Right Rev. Samuel Smith Harris, LL. D., Bishop of Michigan, who died at London, Aug. 21, arrived at this port on the steamship Lahn, of the North German Lloyd line. They were conveyed to Grace Episcopal Church, where memorial services were held. Right Rev. Bishop Potter, of New York, presided and also delivered a brief eulogy. The body left the Grand Central Depot by special train at 6 P. M., for Detroit, where burial will take place.

A Timely Confession. LOUISVILLE, Ky., Aug. 21.—Frank Standi-ford and Charles F. Patton, arrested last night for the murder of Ben Walker, who was killed while beating a woman, last night, were released this morning, the evidence showing that Joe Lambert, an ex-life-saver, had done the killing. Lambert is under arrest. He claims he shot Walker in self-defense. Standiford and Patton happened to drive away rapidly as the

shooting occurred.

Business Embarrassments. GRAND RAPIDS, Mich., Aug. 31.-Henry M. Goebel, a dealer in paints, oils, etc., who has two stores here, one in Kalamazoo, and one at Battle Creek, assigned to-day to Harvey Joelyn, of this city. His liabilities are estimated at \$40,000; assets, \$60,000.

LOUISVILLE, Ky., Aug. 31.—Henry Joseph, retail eigar dealer, assigned to-day. Liabilities, \$3,000; assets about the same.

A Valuable Cargo.

Boston, Aug. 31.—The steamer Navarro, from Hayana and Matanzas, brings 29,000 bags of centrifugal sugar, weighing 4.750 net tons, to the Boston Sugar Refining Company.
This is probably the largest and most valuable eargo of sugar ever brought to the United States. Its value is nearly \$600,000, and the caties will be about \$200,000.

THE BAGGING TRUST.

The Testimony of Mr. Gratz, Who Is Largely Interested in Cotton-Bagging Mills. WASHINGTON, Aug. 31 .- Mr. Anderson Gratz, of St. Louis, was called as the first witness be fore the House committee on manufactures today in its inquiry as to the alleged cotton-bagging trust. He said he was engaged in the baling stuff business in St. Louis, and was a member of the firm of Warren, Jones & Gratz. The business included the making of cetton ties for binding cotton. The witness was also a member of two corporations engaged in the same business, one located in Muncie, Ind., and the other rie fire is raging in the ranges in northern Mon- at Champaign, Iil. Cotton bagging, he said, number of firms in the country engaged in the business at present is eight, as against fifteen at the same time last year. The entire production of cotton bagging in 1887 was about 45,000,-000 yards. Warren, Gratz & Co, of St. Louis, were the agents in that city of the Southern Mills Bagging Company and the Standard Mills Company, of the same city. They had no interest in these firms beyond acting as agents. The variation in prices of two-pound bagging from 1877 to 1887, has been from 10% per yard in 1877, to 1% in 1880, and 7% in 1887. The price of jute butts has been lower this August than any August price for the past ten years. The price of cotton bagging during August bas varied from 11c to 12th per yard. The witness estimated that the cotton crop of this year would require about 45,500,000 yards of cotton bagging, and it was expected that the total output of all the mills now running, up to the time when they stop in November next, would be over 50,000,000 yards. Mr. Gratz said that the productive capacity of the cotton-bagging mills in the West was 25 per cent. greater than the mills in the East. The employes in the West were mostly of Bohemian parentage, and were paid slightly more than those in the East. The witness said there were considerable quantities of cotton bagging coming to this country, but he did not think the foreign mills would be able to bring a sufficient quantity this year to prevent the sale of that held here. The contractors abroad had their hands full. There were twenty-four jute mills in India, having 8,337 looms, on Jan. 1, 1887, which could produce ten or fifteen times the amount of cotton bagging needed for the cotton crops of the United States.

A number of contracts between the firm of Warren, Jones & Gratz, as the agents of other firms, and other cotton-bagging firms in the United States, were produced, with a view to showing the steps taken by the several cottonbagging manufacturing firms to control their productions and to provide for its sale at stipu-

The object of the agreement was to enable the

parties to it to obtain and maintain control of cotton bagging produced in this country for the present season. The trust has secured control of about two-thirds of the cotton bagging in the country, the remaining third, about 15,000,000 yards, being produced by persons who are not in any way connected with the trust. The contract shows that the agreement is between the firms of L. Waterbury & Co., of New York city, party of the first part, and the Charleston Bagging Manufacturing Company; Nevins & Co., of Boston; the New York Bagging Company, the Eagle mills, the Southern Mills Bagging Company, the Standard Mills Bagging Company, the Muncie Bagging Company and the Empire Bagging Company—parties of the second part. The parties of the second part agree to sell and deliver to L. Waterbury & Co. all their bagging on hand when the contract was made, and such as might thereafter be acquired or manufactured by them during the year 1888. Waterbury & Co. act as a center of correspondence through which the increase and reduction in price is brought about. It is agreed that profits and losses shall be shared in proportion. The sale and prices of cotton bagging are determined by a majority of the members of the second part. The agreement took effect April 16, last. Since then two mills signing the agreement have failed to start, and probably a dozen or more outside of the trust closed down previous to and since the agreement was consummated. The first set price of cotton bagging was made in New York by the trust about the middle of July, at the proposition of

sented, was two-thirds of all the productive capacity of the South; but they actually produced seven-eighths of all that was produced in the South. Since the price fixed in July, the members of the trust had advanced the price of cotton bagging 3 cents per yard. The present price of cotton bagging in this country is 3 cents higher than that at which the foreignmanufactured product can be brought here, inclusive of the freight charges. This was due to the fact that production of the material in this country was confined to a few firms. Probably 60 per cent. of this year's bagging was in the hands of the retail dealers, and the other 40 per cent, in the hands of the manufacturers. If the duty on cotton bagging and jute was left unchanged the witness thought that the trust would go out of existence, and if these articles were admitted free the firms would run a corner every other year. The needs of the planter were absolute and imperative, and he must have the bagging, no matter what the cost. During the last three or four years there was little cotton bagging imported, the domestic supply being equal to the demand.

Charles A. Pearce, of St. Louis, secretary of the Standard Mills Bagging Company, one of the concerns embraced in the trust, assented generally to the testimony given by Mr. Cratz, and the committee adjourned till to-morrow.

PRESIDENT CLEVELAND.

Intimations that He Will Shortly Furnish Another Sensational Message. Special to the Indianapolis Journa.

Washington, Aug. 31.—Republican Senators expect to see the President issue another political message before the end of the campaign. The one on the fisheries treaty is regarded but a foretaste of what is to come. The next one is expected to deal with the tariff and to be highly sensational, intended to influence the voters in other sections. The message on the fisheries treaty was expected to affect the foreign-born voters in New York more especially, while the message an the tariff will be directed specifically toward the doubtful States in every section. The President, up to this t.me, has given no appreciable attention to three or four of the Southern States, which the Republicans regard as extremely doubtful, and the next message may have a little ginger in it for the Southern sec-

The President is among those of his party who believe that there is a good fighting chance for the Democrats in Michigan, Iowa and Minnesota. He regards the outlook in New York as very doubtful, but thinks his fisheries message will

tinen up the prospects there. The work of the force of employes in the Pension Office in the compilation of a pamphlet to stiffen up the President's vetoes of pension bills, is intended to "copper" the soldier vote, and counteract the influence being exerted by the G. A. R., the Loyal Legion, the Sons of Veterans and other societies now denouncing the President's policy in relation to general and private pensions. It will be remembered that about two months ago the President took occasion, in vetoing a private pension bill, to answer Senator Davis's observations on the subject of pension vetoes, when the latter reported from the committee on pensions to the Senate a bill which was vetoed, and which was recommended for adoption over the President's disapproval. The chief executive has shown, on a number of occasions, that he has not only the disposition but a good deal fof the ability to strike back at Congress, and to contend for the position he occupies. The Democrats in both houses have been intimating broadly for several days that the next message of the President will be "a ripper," and that it will answer every material charge brought against him in his relation to legislation which he has fought in Congress, and that it will contain many sensational elements.

Violation of the Contract Labor Law.

Sr. Louis, Aug. 31.-This afternoon United States District Attorney Bashaw filed twelve suits against Harry A. Smidt, a leading St. Louis tailor, for the sum of \$1,000 each, a total of \$12,000, the cause being an alleged violation of the United States law forbidding the importation of contract labor. The suits will be interesting, because, taking them as one, they are the third of the kind under the contract labor statutes passed by the Forty-ninth Congress. The two previous cases were one in New York, a minister brought from England to Trinity Church; the second was a small case in Philadelphia, and this trial will be the first real test the statute ever had. One of the charges is that Smidt imported Peter Loewell, who arrived in St. Louis April 2, 1886. The others are for the importation of eleven journeymen tailors, who arrived here May 21, 1888. The names of the imported men are Franz Douyak, Wilnelm Mosberg, Karl Preager, Guido Hempel, C. Guenther, E. Haendles, Christ Ruck, Rudolph Crabowski, Wilhelm Inde, Max Tapte and Fritz Zeitz. Smidt denies that he has violated the law, but admits that he advanced passage money to the men who came over, because they had no funds and he needed workmen. The cases are return-

able at the September term of court.

A Long-Delayed Victory. CHICAGO, Aug. 31.-Intelligence was received on 'Change yesterday that Judge Sage, of the United States District Court for the Southern district of Obio, bad rendered a decision favorable to the plaintiffs in the celebrated case of Preston & McHenry vs. E. L. Harper and others. Mr. McHenry was warmly congratulated by his fellow-members of the Board of Trade on the decision. His associate and one-time partner, Joseph Preston, is not here to enjoy the triumph. He died of a broken heart two years ago, worn out in body and spirit by his reverses growing out of Harper's failure to proteet his brokers when the famous deal of 1881 went against him. The amount involved in this suit, including interest, is about \$300,000. It was originally about \$250,000, though the loss sustained by Preston & McHenry was \$500,000. The case was ready for trial nearly two years ago. The sudden death of Judge Baxter delayed its hearing, and, on one pretext and another, it was was continued from time to time until Harper had wrecked the Fidelity Bank, caused the greatest panic that ever struck the grain trade, ruined a hundred of his friends, bankrupted thirty firms on the Chicago Board of Trade, crippled thousands and inflicted a loss of \$30,000,000 or

\$40,000,000 upon the grain trade of the country. Serious Charge Against Chicago Men. Chicago, Aug. 31 .- Warrants are out for the arrest of lawyer Louis M. Kane and A. T. Osgood, a manufacturer. The warrants were sworn out by Francis Best, on behalf of the Equitable Assets Corporation, of London, England. It is charged that the men have secured \$32,500 from the complaining corporation by false pretenses. There is also a charge of embezzlement. C. A. Hallett is implicated in the transaction with Kane and Osgood, and has been arrested and held in \$12,-000 bonds. The three accused are stockholders and directors of the Transcontinental Transportation Company, the successor of the bankrupt Texas Continental Company, which had for its object the running of refrigerator cars on the Southern Pacific railway. The transactions complained of grew out of an issue of bonds by the Transcontinental Company, ostensibly for the purpose of paying off a debt to the Railroad Equipment Company of Philadelphia, and purchasing more rolling stock. Mr. Osgood claims that the affair is devoid of criminality, and to be remedied, if at all, in a civil suit.

Eloped with a Negro Coachman. ST. PAUL, Minn., Aug. 31.-Miss Lillian Dephley has eloped with her father's coachman William Stewart, a negro. Lillian is not yet fifteen years old, and is just budding into womanhood. Recently it was noticed that Stewart was a little too attentive to the girl and his services were dispensed with. Monday evening Stewart and Miss Lillian were seen walking up and down Dakota avenue, and finally disappeared. That was the last seen of either of them, and Mr. Dephley says he has no idea where they have gone. Stewart is a big, unattractive negro, with thick lips, a smooth face, a slight stoop in the shoulders and a halt-ing gatt. He had worked for a week at the stock-yards, and on Monday drew \$25, with which amount it is believed the couple left the city, as a diligent search for two days by the police has failed to develop any clew to their whereabouts.

Gold Discovery in Dakota.

Howard, D. Decline to Assist in Building Their Own Monument.

Special to the Indianapelis Journal New Castle,, Aug. 31.-The third annual reunion of the Sixty-ninth Indiana Infantry was held in this city yesterday. The streets and buildings were gaily decorated in honor of the veterans. The reunion was held at the fair grounds and about 200 of the boys in blue enjoyed the day and a camp dinner on the grounds, A1:30 o'clock Judge M. E. Forkner delivered the address of welcome, which was responded to by Gen. T. M. Bennett, of Richmond. In the evening a camp-fire was held in the court-house. The event was a great success and was much enjoyed by the old soldier boys.

The following resolutions were adopted regarding the circular letter sent out by the presi-

asking for donations to secure inscriptions on We, the committee to whom was referred the eircular letter from the State soldiers' and sailors' monument committee asking the sum of \$200 from this association to have their memorial inscription placed on said monument, beg leave to report the follow-

dent of the Soldiers' Monument Association,

Whereas, The citizens of the State of Indiana, through their Representatives in the Legislature, have appropriated \$200,000 for the purpose of erecting a soldiers' and sailors' monument; therefore, Resolved, That the Sixty-pinth Indiana Volunteers, at their third annual reunion, held at New Castle Aug. 30, 1888, view this proposition to tax the individual members of this association as contrary to the spirit of the law making the appropriation for said monument, and that it would be a hardship we are illy prepared to meet, and a direct imposition upon the remaining few, who, as a class, are wholly unable to contribute the amount demanded of them. Resolved, That if the soldiers of the State of Indiana have not won a niche in the temple of fame to be erected to them then they will not contribute in the

manner of a direct tax for such a purpose, and so far as this association is concerned the proposition of the monument committee is respectfully declined, and we earnestly request all regimen tal associations of the State to join us in this protest. The School-Teachers. special to the Indiana, our Journal COVINGTON, Aug. 31.-The Fountain county teachers' institute closed this afternoon. A very large attendance of teachers and of those interested in education has been had, and much enthusiasm in the work was displayed. A large portion of the success was due to the efficient work of the faculty of Indiana Normal College, especially that of Pres't. J. V. Coombs. Prof. W. R. Humpbrey, Miss Mollie McMahon and Miss Olive Coffeen deserve mention for their splendid work. Rev. Robert Mc-Intyre, of Illinois, lectured last evening to the teachers; subject, "Fun on the Farm." His lecture was full of wit, humor and pathos.

MARTINSVILLE, Aug. 31.—The teachers of Morgan county are holding their institute at Bethany Park. Professors Lewis, of Kansas; F. B. Dresslar, of Vincennes University, and J. R. Starkey, of this city, are the principal assistants of County Superintendent Henry. The attendance has been the largest in the history of the county and has evinced a spirit and vigor never before known.

LEBANON, Aug. 31. - The Boone county institute, which convened here on Monday, closed this evening. It was the largest in point of attendance ever held in this county, the enrollment numbering 175. There have been some noted lecturers and educators in attendance. among whom were Theron Keator, the newspaper correspondent who delivered his striking ecture, entitled "Around the World." Mr. H. M. LaFollette, State Superintendent of Public Instruction, and Mrs. Emma Mont McRae lent valuable aid to the institute.

Decatur County Fair.

Special to the Indianapolis Journal. GREENSBURG, Aug. 31. - The last day of the county fair was well attended, notwithstanding the light rain and threatening weather this morning. The general parade of premium stock was unusually fine. In the 2:35 trot there were three starters. Stella P. took first money: Roadmaster second, Irwin C. third. Time-2:35, 2:35, 2:30, 2:371. Free trot was won by Almont, with Bulwer a good second. Time-2:274, 2:264, 2:254, 2:291. The pony race was again quite interesting. The management, as well as patrons, are well pleased with the result, and expect a still better fair next year.

Gasoline Explosion.

Special to the Indianapolis Journal Columbus, Aug. 31.-A gasoline pipe in the creamery at Flatrock, this county, exploded Thursday, and the fluid becoming ignited a large volume of flame shot into the building. Harry Prunk and John Ryan, of Indianapolis, were seriously burned with the flames, while Robert Porter was severely scalded by the steam from the steam retort. The flames were finally extinguished before the building was badly damaged.

New M. E. Church at Danville.

Special to the Indianapolis Journal. DANVILLE, Aug. 31 .- The congregation of the First M. E. Church, of this city, have just completed an elegant new church building at a cost of upwards of \$50,000, and it will be dedicated on Sunday. Bishop J. P. Newman, D. D., of Washington, D. C., will preach the dedicatory sermon at 10:30 o'clock A. M. A children's mass-meeting will be held in the afternoon, after which the rite of will be administered to children. Rev. B. L. Ives, D. D., of Auburn, N. Y., will preach at 7:30 o'clock P. M. The building is a handsome structure, of modern architecture, of brick and stone, and stands upon the highest ground in the city, on the corner of Vermillion and Williams streets. The interior is the most beautifully finished and furnished of any church in the city. The pipe organ has just been placed in position at a cost of \$3,000. This church has a membership of over four hundred.

Elopers at Marshall.

Special to the Indianapolis Journal MARSHALL, Aug. 31.-Marshall is keeping up its reputation as a "Gretna Green" for western Indiana mixed couples wishing to marry. The last case is that of Nelson Manuel, a strikingly handsome young quadroon, with languishing brown eyes, who was married to-day to Miss Mable O'Brien, a young white girl, quite prepos-sessing in appearance. Both are twenty-four years of age. He is from Terre Haute and she from Greencastle.

He would furnish these, he said, if they would each advance \$1.25, which would be returned with their first week's wages. The impostor even went so far as to accompany the boys to their home, where he was paid the requisite \$2.50 and the bargain was apparently complete. He at once sent the boys on an errand, one to No. 119 Railroad street, and the other to 122 the same street, telling them to report at his effice as soon as they could. To Save Life

Frequently requires prompt action. An hour's delay waiting for the doctor may be attended with serious consequences, especially in cases of Croup, Pneumonia, and other throat and lung troubles. Hence, no family should be without a bottle of Ayer's Cherry Pectoral, which has proved itself, in thousands of cases, the best Emergency Medicine ever discovered. It gives prompt relief and prepares the way for a thorough cure, which is certain to be effected by its continued use.

S. H. Latimer, M. D., Mt. Vernon, Ga., says: "I have found Ayer's Cherry Pectoral a perfect cure for Croup in all cases. I have known the worst cases relieved in a very short time by its use; and I advise all families to use it in sudden emergencies, for coughs, croup, &c."

A. J. Eidson, M. D., Middletown, Tenn., says: "I have used Ayer's Cherry Pectoral with the best effect in my practice. This wonderful preparation once saved my life. I had a constant cough, night sweats, was greatly reduced in flesh, and given up by my physician. One bottle and a half of the Pectoral cured me."

"I cannot say enough in praise of Ayer's Cherry Pectoral," writes E. Bragdon, of Palestine, Texas, "believing as I do that, but for its use, I should long since have died."
